

Pledge to Net Zero - Annual Report Back Form (2026)

This form is part of the annual Pledge to Net Zero reporting back process. In addition to this form, which will be kept internally for the records of the Pledge to Net Zero initiative, as part of the requirement to publicly report we require that you publish your carbon footprint on your organisation's website for public access. Please include the relevant website link in this form when prompted.

The extension deadline for submissions is 5pm BST on the 21st April 2026.

If you'd like to receive a PDF copy of your response once submitted, you should be able to save your response as a PDF. Once you have completed the form, a thank you message will appear on your screen. On the top right hand side of your screen, there should be 3 dots and if you click on these, you should get the option to 'print response'. Here select the option to print/ save as PDF. If this doesn't work, please get in touch with sarah.ridgeon@socenv.org.uk to request a PDF copy be sent to email. We can also send through your organisation's previous report back submissions on request.

1. Name of organisation: *

EVCSolutions Limited

2. Your name: *

Nigel Ryan

3. Please provide your email so we can contact you for any clarification: *

nigel@evcsolutionss.co.uk

9. If you wish to provide comments on your footprint and progress in reducing your greenhouse gas emissions, please do so here.

These results represent a 16% decrease per economic unit installed by the Company relative to the baseline year numbers reset to 2022. We continue to see a massive CO2 'payback' resulting from the CO2e avoidance our clients create from the utilisation of our charging systems for their business transport, which has been able to be shifted from ICE tech to full Electric (BEV) Vehicles. In excess of 5 million miles of travel were undertaken during the reported year in BEV's vs ICE's, on systems we have

10. In the box below, please link to one piece of research/thought-leadership you've published in the last year on practical steps to delivering an economy in line with climate science and in support of net zero carbon, OR details of mentoring and support you've provided for smaller signatory companies in setting targets, reporting and meeting the requirements of the pledge. *

Multiple presentations to workshops held at Shropshire Chambers of Commerce relating to the benefits to shifting business transport requirements to BEV technology from ICE.

11. What are the most eye catching or stand out initiatives you've run to help cut emissions? Please provide details below.

We now installing charging systems to shift road freight from diesel powered 38 tonne trucks to full BEV trucks, making new substantial CO2e reductions in this key segment.

12. Would you be willing to share your progress in a case study or webinar in 2026?

*

Yes

No

Enter your answer

17. Are you looking for support with/ guidance on a particular topic related to your Pledge to Net Zero commitment in 2026? If so, please state below (e.g. scope 3).
